DETAILED ACTION

1. This is responsive to the amendment filed 1/12/06. Claims 1-5, 11-22, 26, 28-30, 32, 33, 35 and 36 are pending.

2. Claims 1-5, 11-21, 29, 30, 32, 33, 35 and 36 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

A. As per claim 1, the claim has been amended to detect a change in state of motion but lacks sufficient structure capable of providing this information. Applicant indicated in the remarks that the subject matter of claim 34 and intervening claim "7" was added to claim 1. However, claim 18 is the intervening claim which includes a motion detection unit. See comments below regarding correction of this discrepancy.

B. All claims depending from a rejected base claim are also rejected as containing the same deficiencies.

3. The examiner attempted to contact applicant to correct the 112/2 problems by examiner's amendment but was unsuccessful. The application may be placed in a condition of allowance if the following changes are made:

CLAIM 1, BETWEEN LINES 3 and 4: insert --a motion detection unit--;

CANCEL CLAIM 18;

CLAIMS 19, 20 and 21, LINE 1: change "18" to --1--.

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Lau et al. (6,975,941) discloses a remote monitoring system which uses motion detection to wake-up a GPS receiver to obtain location information. However, Lau et al. does

Art Unit: 3661

not disclose or suggest using motion detection to enable or disable an alternate interval schedule for transmission of information.

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael J. Zanelli whose telephone number is (571) 272-6969. The examiner can normally be reached on Monday-Thursday 8:30 AM - 3:00 PM.
